Description

The 300mm Silver Surface Round LED Panel is an efficient lighting device that integrates high-power LED technology to deliver superior luminance in residential and commercial spaces.

Technical characteristics

- Nominal power: 24W
- Panel diameter: 300mm
- Type of surface: Plated
- Color range: 3CCT (3 color temperatures)
- Geometric shape: Round

This system provides a versatile light quality, allowing the tone to be adjusted according to the environmental or functional needs of the environment where it is installed. The functionality of 3CCT allows to vary light tones to adapt to different atmospheres.

The installation is simple and quick thanks to its compact design, facilitating its integration into suspended ceilings or existing structures without requiring complex works. Its silver finish brings a modern aesthetic touch to any illuminated space.

Specifications

Opening angle	120º
Energy classification	F
Colour	Plateado
Diameter	300 mm
Diameter embedment (mm)	300
Driver included	Yes
EAN	8425160269074
Intensity	2500 Lm
Lumens (lm)	2500
Material	ABS + PS
Weight (kg)	0.795
Protection	IP20
Nominal voltage (V)	180-240
Type of installation	Surface
Shape	Round
