Description

The Küken Adjustable Stand Fan 65W is an efficient climate control equipment designed to refresh air in indoor spaces through its robust system of three high-strength plastic blades. Its technology allows for a homogeneous flow distribution with precision.

Technical Specifications

- Power: 65W
- Airflow: 41400-43800 m³/h
- Noise level: 55dB
- Adjustable height: 0.82m to 0.97m
- Oscillation range: 180°
- Blade material: High-strength plastic
- Speed selector: 3 positions

Its adjustable oscillating head allows directing the airflow with accuracy, ensuring uniform distribution in homes or offices while maintaining a comfortable acoustic level for the user.

Installation is immediate by placing the round non-slip base on flat surfaces to ensure maximum stability during continuous operation. The design incorporates a three-speed selector that adapts wind intensity to the climatic needs of the environment.
