Horizontal recessed frame for 2 ONLEX elements

Brand: ALFA

Reference: ALFA 27281

The ONLEX S-EMPOTRAR recessable frame features an ABS finish and a horizontal configuration of two elements. This system facilitates installation by means of an optimized design for wall integration. Its structure guarantees mechanical stability and allows fast fixation without the need for additional specialized tools for the final assembly of the complete assembly.

Description

ONLEX' S-EMPOTRAR horizontal recessed frame is a series system designed for the clean and orderly integration of technical or decorative elements into walls. Made with a robust ABS finish, this component ensures superior mechanical stability and protects internal devices from dust and ambient humidity.

Technical characteristics

- Material: Finished in ABS
- Settings: Horizontal
- Capacity: 2 elements
- Series: Embedded

This system facilitates efficient concealment of cables, supports and devices, maintaining a uniform aesthetic in the environment. Its optimized design allows to organize complex infrastructures without compromising the safety and functionality of the components housed within the cavity.

The installation is carried out directly in the wall cavities, taking advantage of an assembly that does not require additional specialized tools for its final fixation. This process ensures a precise and safe fit, achieving a discreet integration that preserves the structural integrity of the surface where the complete set is installed.

Specifications

Colour	White
EAN	8425160272814
Material	ABS
# Elements	2 elementos
Weight (kg)	0.0384
