**Round LED Panel Silver Surface
400mm 32W 3CCT**

Brand: ALFA

Reference: ALFA 27622

This round 400 mm and 32 W LED panel offers a silver surface with 3CCT technology to adjust the color temperature. Its circular design optimizes light distribution in modern spaces, ensuring efficient energy efficiency and simple installation without the need for additional complex accessories.

[View product online](#)**Description**

The 400mm Silver Surface Round LED Panel is an efficient light solution that integrates 32W low-consumption technology and tri-circuit color control to adapt to various atmospheres. Its circular design and silver finish provide a modern and elegant touch, optimizing the light distribution in contemporary interior spaces.

Technical characteristics

- Power: 32W
- Diameter: 400mm
- Technology: LED
- Color Control: 3CCT (Tri-Circuit)
- Area: Plated
- Form: Round

This panel offers remarkable versatility by allowing the color temperature to be adjusted, facilitating the creation of warm, neutral or cold environments according to the need for space. Its energy efficiency makes it a sustainable option to reduce operating costs without sacrificing light performance in standard residential or commercial applications.

The installation is simple and quick, requiring only to connect the panel to the right power supply and adjust the color controls using the integrated system. Its robust structure ensures durability in

commonly used environments.

Specifications

Opening angle	120º
Energy classification	F
Colour	Plateado
Diameter	400 mm
Diameter embedment (mm)	400
Driver included	Yes
EAN	8425160276225
Lumens (lm)	3400
Material	ABS + PS
Weight (kg)	1.416
Power (W)	32
Protection	IP20
Nominal voltage (V)	180-240
Type of installation	Surface
Shape	Round
