Description

The 18W Downlight LED Surface Round White is a recessed mounting luminaire designed to provide efficient and versatile lighting in indoor spaces. It uses high performance LED technology with CCT selector, allowing the color temperature to be adjusted between cold, neutral and warm tones according to the needs of the environment.

Technical characteristics

- Power: 18W
- Diameter: Ø216mm
- Materials: High resistance polycarbonate
- Technology: LED with CST selector
- Energy classification: E
- Guarantee: 2 years

This product guarantees a 90% energy saving from traditional sources and offers a long service life of up to 25,000 hours of continuous operation, ensuring durability and light stability over time.

Instant electronic ignition allows immediate activation without preheating times, facilitating its integration into automatic control systems or presence. Its robust construction in polycarbonate makes it suitable for standard installations where clean mechanical and aesthetic resistance is required.

Specifications

Opening angle	180º
Energy classification	E
Colour	White
Driver included	Yes
EAN	8425160277147
Lumens (lm)	1980
Material	Policarbonato
Weight (kg)	0.293
Power (W)	18
Protection	IP20
Nominal voltage (V)	230V
Shape	Round
