1.5m Black Connection Cable with Switch 2x0.75mm²

Brand: ALFA

Reference: ALFA 27724

Connection cable with European type C plug in black color, manufactured with H03VVH2-F insulation for 250V. Features 2 x 0.75mm² conductors supporting up to 3A maximum. Includes shielded ferrules at the ends that facilitate safe and quick installation in home repairs or lighting adapters.

Description

This integrated switch connection cable is a safe and functional electrical solution, designed under the H03VVH2-F standard to ensure reliable performance in home and office applications. Its robust construction allows efficient management of the electrical supply for various devices.

Technical Specifications

- Total length: 1.5 meters
- Conductors: 2 x 0.75 mm²
- Nominal voltage: 250 V
- Maximum current: 3 A
- Color: Black
- Plug: European Type C
- Built-in switch
- Shielded ends with ferrules

Thanks to its integrated switch, it offers immediate control of the energy flow, facilitating quick shutdown without needing to access the main outlet. It is especially useful as a spare part to repair defective cables in home appliances, offices, or kitchen areas.

Its versatile design makes it an ideal adapter for DIY lamps, table models, or floor-standing units, ensuring a stable and secure connection. The protection of the ends with ferrules simplifies the

installation process on different types of electrical bases.

Installation is direct: insert the Type C plug into the corresponding socket and connect the male end to the power source or device, activating the switch to complete the circuit. Its handling requires only basic tools to fix the ferrules if adapted to non-standard bases.

Specifications

Rated current (A)	3
Colour	Black
Diameter	2 mm
EAN	8425160277246
Long	0.07
Length	5 metros
Weight (kg)	1.197
Power (W)	3
Nominal voltage (V)	250V
