Description

The LED plafon Matel is a modern light solution of 36W designed to offer high energy efficiency and a sober aesthetic finish in matt black color. Its LED technology guarantees superior lumen brightness of 4350 lumens, ideal for lighting indoor spaces with optimum performance and uniform light distribution.

Technical characteristics

- Power: 36W
- Luminosity: 4350 lumens
- Color temperature: 3000K, 4000K or 6500K
- Diameter: 400mm
- Materials: Housing in ABS and PS black
- Assembly: Direct surface

This device provides a powerful light that transforms any environment, offering versatility in the choice of tonality to suit different decorative styles and specific visual needs. The absence of internal codes allows a clean integration into residential or commercial projects where aesthetics and functionality are required.

The installation is easy and quick thanks to its system designed for direct surface mounting. It only requires connecting the cables according to current electrical standards and attaching the body of the plafon to the prepared support, ensuring immediate and safe operation without additional technical complications during start-up.

Specifications

Opening angle	120º
Energy classification	E
Colour	Black
Diameter	400 mm
Diameter embedment (mm)	400
EAN	8425160277703
Long	400mm
Lumens (lm)	4350
Material	ABS
Weight (kg)	0.996
Power (W)	36
Protection	IP40
Adjustable	Yes
Nominal voltage (V)	180-240
Type of installation	Surface
Shape	Round
