Description

This folding LED projector integrates 6400K cold lighting technology and a 3000mAh rechargeable battery, designed to provide maximum versatility in demanding professional environments. Its robust construction combines polycarbonate and cast aluminium, ensuring extreme durability under adverse conditions.

Technical characteristics

- Power: 50W
- Luminosity: 500 lumens
- Measurements: 235x293x60mm
- Voltage: 3,2V/230V
- Battery: 3000mAh re-chargeable
- Autonomy: 6 to 8 hours
- Charging time: 3 to 4 hours
- Color temperature: 6400K (Cold)
- Degree of protection: IP65
- Lifetime: up to 30,000 hours
- Load connection: USB cable 1 meter
- SOS functionality with red/blue blinking

Its powerful cold light and three adjustable intensity levels facilitate detailed inspection, mechanical repair or emergency signaling tasks in dark areas without generating excessive heat.

The installation is immediate thanks to the 90-degree adjustable support and full 360-degree rotation. It is easily transported through its neoprene-coated handle, resisting dust and water during the transfer between different work locations.

Specifications

High	23.5
Width	29.3
Opening angle	360 grados
Colour	Yellow
EAN	8425160285029
Long	235x293x60mm
Lumens (lm)	400lm
Measures	235x293x60mm
Weight (kg)	0.967
Depth	6
Protection	IP65
Nominal voltage (V)	3,2V/230V
