Description

The 12W Extraplane LED Redondo with CCT Selector is a contemporary design luminaire that integrates high-performance lighting technology to transform any space. Its compact and efficient structure ensures superior luminous flux, offering optimal visual clarity without occupying excessive volume on the walls.

Technical characteristics

- Power: 12W
- Luminous flux: 1200lm
- Body height: 50mm
- Diffuser type: High quality opal
- Color temperature range: CST (cold, neutral and warm)
- Energy classification: F
- Estimated useful life: up to 25,000 hours
- Energy savings: up to 90% of traditional technologies

The light emitted is homogeneous and free of glare thanks to the opal diffuser, creating a visually pleasant and functional environment. This equipment allows you to select the desired color temperature by means of an integrated selector, adapting perfectly to the light requirements of each room.

For installation, it is recommended to connect the luminaire directly to a suitable power supply or to use an external transformer if necessary. The wall mount is simple and fast, ensuring a secure and stable fixation on any standard vertical surface.

Specifications

High	5.0
Opening angle	120º
Energy classification	F
Colour	White
Cri (Ra)	90
Diameter	210 mm
EAN	8425160287726
Long	50mm
Lumens (lm)	1200
Material	Aluminio / PC
Weight (kg)	0.325
Protection	IP20
Nominal voltage (V)	230V
Type of installation	Surface
Type of lamp	LED
Shape	Round
