Description

The White Onlex Plug Base is a versatile electrical solution designed to distribute energy safely and efficiently in indoor spaces. It integrates six Euro and three Schuko sockets, ensuring universal compatibility with most modern appliances.

Technical characteristics

- Number of shots: 6 Euro + 3 Schuko
- Nominal voltage: 250V
- Maximum amperage: 16A
- Housing material: Reinforced plastic
- Long cable: 1.5 meters
- Cable material: PVC insulated high strength
- Functionality: Integrated light switch ON/OFF
- Security: Integrated child protection

Its robust construction and built-in switch facilitate control of power supply, avoiding unnecessary connections and reducing risks of overload. The arrangement of the sockets allows you to organize multiple devices simultaneously without disorder.

The installation requires connecting the cable to the main power grid according to current safety regulations. It is recommended to fix the base on a stable surface and verify that the switch works

properly before inserting the plugs, ensuring a safe and durable use in any domestic or commercial environment.

Specifications

Rated current (A)	16
Colour	White
EAN	8425160288501
Intensity	16A
Long	1,5 m
Material	PVC
Weight (kg)	0.427
Nominal voltage (V)	250V
