Description

The Vatton Tool Bag is a professional accessory designed for the safe and organized transport of hand tools and work equipment in demanding environments. Its robust construction guarantees the superior protection of the contents against scratches, wear and tear during the move to work or industrial workshop.

Technical characteristics

- Dimensions: 31x16x21 cm
- Materials: Oxford high density fabric
- Closing: Wide mouth with double zipper
- Structure: Multiple interior and exterior pockets
- I drive: Double handle with integrated grip

Its large storage capacity allows to keep tools and accessories separate by type, facilitating quick and orderly access. The structural strength of the material ensures the integrity of the content even under conditions of intense use in industrial environments where durability is a priority.

For installation or handling, simply open the wide mouth using zippers to load the elements safely. Use the integrated side handles to lift the bag firmly and transport the equipment ergonomically without risk of detachment during movement.

Specifications

High	31
Width	16
EAN	8425160491659
Long	31
Material	Tela
Weight (kg)	0.396
Depth	21
