Description

The 65mm round Handlock office knob is a robust security accessory designed to ensure access control in corporate and administrative environments. Its mechanism combines a free passage interior with an exterior protected by key lock, offering a versatile and safe solution.

Technical characteristics

- Diameter of the knob: 53mm
- Mounting rosette: 65mm
- Adjustable lace: 60/70mm
- Compatible door thickness: 30/50mm
- Body material: Steel or zamak
- Finished: Polished gold matt brass
- Includes set of 3 brass keys
- Closing system: Exterior with key, interior of passage

This device provides an appropriate level of security for offices, allowing restricted access from the outside while maintaining operating fluidity inside. Its elegant and functional design integrates perfectly into modern office furniture.

The installation is simple thanks to the kit included with screwdriver and specific locksmith. It is recommended to adjust the lace according to the thickness of the door to ensure a firm and durable

assembly without the need for additional complex tools.
