Description

The 1500 grams Maceta Albañil Vatton Mango Fiber is a professional tool designed for intensive construction work, ensuring durability and accuracy in each stroke. Its technology combines a high strength forged steel head with an ergonomic handle optimized to reduce muscle fatigue of the operator for long hours.

Technical characteristics

- Total weight: 1500 grams
- Head: High strength forged steel
- Mango: Glass fibre with non-slip rubber coating
- Weight distribution: Optimum head and handle for balance
- Vibration index: Very low on impact

This pot offers comfortable and safe handling, ideal for tasks that require constant repetition without compromising the safety of the worker. Its robust design ensures a long service life even in intensive-use environments.

The installation or handling is direct: simply hold the handle firmly, taking advantage of the non-slip coating to maintain total control during work.

Specifications

EAN	8425160491925
Material	Steel
Weight (kg)	1.5167
