Vatton Percussion Hammer 850W SDS Plus

Brand: ALFA

Reference: ALFA 49205

The 850W Vatton percutor hammer offers a 3 July impact energy with SDS system for fast insertion. Its variable speed reaches 1,250rpm and impact frequency up to 4,900 ipm, allowing drilling hard materials of up to 26mm.

Description

The 850W Vatton Percutor Hammer is a professional tool designed for drilling and demolition work in concrete, stone and brick. Its high-strength engine ensures lasting performance under demanding conditions.

Technical characteristics

- Power: 850W
- Impact energy: 3 Julys
- Insertion system: SDS Plus
- Variable speed: 0 to 1,250 rpm
- Impact frequency: up to 4,900 ipm
- Maximum drilling capacity: 26mm
- Power supply: 230 V ~ 50Hz
- Operating mode selector included

Its ergonomic design and removable auxiliary grip facilitate comfortable handling for long hours. The trigger with variable speed control allows you to adjust the power according to the hardness of the material to optimize the effort.

The installation is simple: connect to standard power grid and select the right mode (drilling or drilling) using the integrated selector before starting the operation. This tool allows fast insertion with SDS system, reaching rotation speeds of 1,250 rpm and impact frequency up to 4,900 ipm.

It is suitable for applications in civil construction where precision and power is required in hard materials up to 26mm thick, ensuring efficiency in each task performed by the operator.

Specifications

EAN	8425160492052
Weight (kg)	4.85
Power (W)	850
Adjustable	Yes
Revolutions per minute (RPM)	1250
Nominal voltage (V)	230V
