Secondary ICT Surface IP55 450x450x150mm

Brand: SOLERA

Reference: SOLERA 454515S-ICT

Secondary registration for IP55 protection-grade ICT surface and 450 x 450 x 150 mm dimensions. Includes lock and metal key for safety. It can be installed as a link log in low voltage electrical systems, offering controlled and robust access to internal components within its white housing.

Description

The Secondary Register for Surface ICT is an essential component of modern telecommunications infrastructure, designed specifically for the management and organization of cables in industrial and commercial environments. Made of robust materials that guarantee exceptional durability against adverse conditions, this record meets the highest standards of safety and efficiency. Its versatility allows its implementation in a wide range of applications, from large industrial buildings to complex corporate buildings, always ensuring orderly and protected access to the communication network.

Technical characteristics

- Dimensions: 450 x 450 x 150 mm (width x height x depth)
- Level of protection: IP55, dust resistant and water jets
- Lock: Metallic with key included for guaranteed security
- Colour: Standard white
- Area: Ground or wall installation
- Usage: Link and secondary registration

This registration offers significant advantages by facilitating the preventive and corrective maintenance of ICT lines without the need to interrupt the general service. IP55 protection ensures that internal components remain safe even in environments with high humidity or the presence of solid particles, which is crucial for equipment longevity. In addition, its compact design optimizes the space available, allowing a clean and aesthetic installation that does not compromise the technical functionality or

operational safety of the environment where it is located.

The installation is simple and quick, requiring only the registration to be fixed to the designated surface by means of the predefined anchorage points.

Specifications

High	45
Width	45
Colour	White
EAN	8423220009875
Measures	45 x 45 x 15
Depth	15
Protection	IP55
