Description

This folding steel trolley is designed to facilitate the transport of heavy loads in domestic and professional environments. Its robust structure ensures stability and security during the movement of various objects.

Technical characteristics

- Material: Steel coated with grey-silver epoxy-polyester paint
- Maximum load: 40 kg
- Action: Closed 35x54 cm, open 99 cm, tray 29x35 cm
- Wheels: Of silent PVC and polypropylene
- Includes: Folding side wings and elastic fastening rubber

The folding side wings increase the support surface, improving the hold of the load and avoiding unwanted overturns or movements during the move.
