Description

The 2400 series extractor is a versatile tool designed to perform parts extractions with efficiency and safety, suitable for use in both outdoor and indoor environments.

Technical characteristics

- Type: Extractor
- Series: 2400
- Design: 2 legs
- Measurements: 50 - 165 x 155 mm

Thanks to its two rigid legs, the equipment offers great stability and firmness during the operation. In addition, the spindle incorporates a support ball that minimizes friction, thus optimizing the overall performance of the extraction process.
