Square Adapter 1/2 inch x 72 mm with Ball

Brand: EDM

Reference: EDM 21780

This 72 mm square adapter connects a 1/4 inch hexagonal shank to an external 1/2 inch square output. Designed for ball-end manual tools, it features compatibility with standard chuck holders and an internal 12.7 mm input.

Description

The 72 mm square adapter is an essential accessory for manual tools, designed to connect standard hexagonal shanks to larger diameter square drives.

Technical Specifications

- Type: Square Adapter
- Hexagonal Shank: 1/4 inch
- Compatibility: Shank with standard chuck holder
- Input: 1/2 inch Square (12.7 mm)
- Output: External 1/2 inch Square
- Total Length: 72 mm
- With ball for fixation

Thanks to its internal ball and precise dimensions, it allows transferring torque from tools with small shanks to applications requiring a 1/2 inch square drive, facilitating use in various mechanical environments where this type of connection is needed.
