Description

The Slice Cube vegetable cutter and grater is a multifunction tool designed to facilitate the cutting of food into cubes, slices and gratings. Its handguard pressing system ensures safe handling during operation.

Technical characteristics

- 10 different and interchangeable stainless steel blades
- 1.5 l transparent container with versatile lid included
- Structure, cover and cover made of ABS
- Integrated security pusher
- Support for blade storage
- Non-slip legs
- Measurements: 23.5 x 10.5 x 14 cm

The versatility of its inserts allows to adapt the thickness of the cut to each culinary need, optimizing the preparation of ingredients for salads or garnishes.
