Description

The basic multifunction garland model Basic is a decorative lighting designed for use both indoors and outdoors, offering versatility and security with its IP44 degree of protection. It has a total of 120 leds distributed along 9 meters in length, integrated into a black cable with a distance between each led of 7.5 cm.

Technical characteristics

- Type: Garland
- Emission colour: Cold white
- Usage: Interior / exterior
- Degree of protection: IP44
- Power cable: 5 m
- Distance between LEDs: 7,5 cm
- Timer included: 8 h on / 16 h off
- Number of functions: 8
- Number of LEDs: 120
- Total measure: 9 m

Its wide range of 8 functions of intermittent effect, which includes a fixed mode and automatic timer, allows to adapt the lighting to different moments of the day or night without the need for constant manual intervention.

The installation is done by connecting the EC adapter included directly to the power outlet, taking advantage of the 5 meters of cable to position the garland flexibly on any flat or hanging surface.
