Description

The Stacktech toolbox is an organizing container designed to store and transport utensils with security and order. Its robust structure allows to keep the equipment protected during the move.

Technical characteristics

- Material: Polymer with steel corners
- Structure: Self-aligning and fitting
- Boxes: 1
- Measurements: 56 x 43.5 x 25.5 cm
- Drawer Guides with Steel Ball Bearings
- Automatic closing mechanism when closing
- Sliding switch to unlock stacking
- Riels for quick release accessories

The rail system facilitates customization by adding quick access plugins without needing to depilate units. The self-locking mechanism ensures that the drawers remain closed during transport, ensuring stability of the contents.
