XL Stacktech Tool Box with Three Stacking Drawers

Brand: TOUGHBUILT

Reference: EDM 79173

The XL Stacktech tool box integrates three stackable drawers with steel bearings and reinforced corners for attachment of accessories. Its modular structure in high-strength polymer allows stacking units without unstacking internal compartments. The system has automatic closure, security latch and splitters included, offering measurements of 56 x 43 x 42 cm for robust and efficient storage in professional environments that require durability and constant operational functionality without compromising the structural stability of the set during daily use.

Description

The XL Tool Box with three Stacktech drawers is a modular storage system designed to effectively organize equipment and accessories. Its structure allows to maintain order in workshops or work spaces without having to disassemble the unit to access the internal compartments.

Technical characteristics

- Modular and stackable according to Stacktech system
- Automatic integrated locking
- Includes internal organization dividers
- Steel bearings in construction
- High-strength polymer construction
- Steel Corners for Fixing Accessories
- Three quick access drawers without unstacking
- Unmounted and secured latch
- Measurements: 56 x 43 x 42 cm

The combination of robust materials and the design with reinforced corners ensures a durable solution

for tool storage, taking advantage of stacking capacity to maximize available vertical space.
