Description

The Stacktech Tool Box is a modular container designed to organize and protect the equipment, highlighting its stacking capacity and robust construction.

Technical characteristics

- Type: Toolbox
- Protection class: IP65
- Main material: High resistance polymer
- Reinforced structure: Steel Corners for Fixing Accessories
- Settings: Modular and stackable according to Stacktech system
- Includes: Inner tray
- Closing: Unmounted and secured latch

Thanks to its modular design and steel corners, it allows a safe installation of external accessories and facilitates internal organization through the included tray.
