Description

This set of Pozidriv bits includes three sizes (PZ1, PZ2, and PZ3), each 25 mm long, designed for working with these types of screws in universal applications. Their ¼-inch hexagonal design ensures compatibility with standard bit holders according to DIN ISO 1173-D standard.

Technical Specifications

- Contents: 3 bits
- Sizes included: PZ1, PZ2, PZ3
- Bit length: 25 mm
- Shank: Hexagonal ¼ in (6.3 mm)
- Standard: Compatible with DIN ISO 1173-D
- Bit type: Pozidriv
- Application: Universal use with Pozidriv screws

The variety of sizes allows addressing different adjustment needs without changing tools, facilitating work in various environments where precision with Pozidriv screws is required.
