Description

This set of 25 mm Pozidriv PZ2 bits offers a precise solution for screwdriving applications requiring a secure and durable grip. Its hexagonal design ensures compatibility with standard manual tool handles.

Technical Specifications

- Bit Length: 25 mm
- Standard: Compatible with DIN ISO 1173-D
- Shank: Hex 1/4 in (6.3 mm)
- Tip Type: Pozidriv
- Type: PZ2
- Contents: 2 units

The specific configuration of the Pozidriv system allows for uniform pressure distribution over the screw head, facilitating tightening and unscrewing without damaging the flutes. By complying with the DIN ISO 1173-D standard, these bits ensure optimal performance in various work environments where this type of screw is used.

Specifications

EAN	4013288029102
Long	2,5
