Description

The Stacktech long-tool support is an accessory designed to be organized into storage systems, joining the ToughBuildt organization steel toolbox rails and panels. Its structure allows maintaining extensive tools ordered and accessible within the workshop.

Technical characteristics

- Model: Stacktech
- Type: Roller holder
- Type: Support for long tools
- Measure: 63.5 x 27 x 25 cm
- Aptitude: For toolbox accessories

The double support design allows adjusting the distance between the attachment points, facilitating the handling of objects of different lengths. It has robust metal hooks that ensure a secure fixation to the rail system, avoiding displacements during use.

Specifications
