Product sheet

Stacktech wheeled base for toolboxes

Brand: TOUGHBUILT

Reference: EDM 79184

Base with wheels for tool boxes of the modular stacktech system, made of high resistance polymer. It has four rotating wheels, two equipped with brake, allowing easy maneuvering in reduced spaces. Its maximum load capacity reaches 113 kg and its dimensions are 60.7 x 48.0 x 19.3 cm.

Description

The Stacktech Wheeled Base is an accessory designed to facilitate the transport and organization of tool boxes within the corresponding modular system. Made of high-strength polymer, it ensures safe mobility with a maximum load capacity of 113 kg.

Technical characteristics

- Wheels: 4 swivel wheels, 2 of them with brake
- Type: Base with wheels
- Implementation: For toolboxes
- Compatible: With the modular stacktech system
- Material: High resistance polymer
- Measurements: 60.7 x 48.0 x 19.3 cm
- Capacity: 113 kg
- Fitting size: 47 x 35.5 cm

Its design with front brakes allows to stop the load accurately in reduced spaces, optimizing the handling of heavy equipment without compromising the stability of the modular assembly.

Specifications

High	60,7

Width	48
EAN	1210001303089
Material	Polímero
Measures	60,7 x 48 x 19,3
Depth	19,3
