Description

This laminated steel padlock with thermoplastic protection of 40 mm offers robust safety by means of a cemented steel arch of $\varnothing 9 \times 29$ mm. Its design incorporates 4 pins and a lock equipped with dust cover, ensuring the integrity of the mechanism against external elements.

Technical characteristics

- Type: Padlock
- Material: Laminated steel / thermoplastic protection
- Locked arch: Cemented steel of $\varnothing 9 \times 29$ mm
- Features: 4 pins and lock with lid
- Contents: 2 keys

The combination of laminated steel and thermoplastic protection ensures a structural strength suitable for applications that require a medium-high level of safety, protecting the mechanism against dust and surface wear.

Specifications

Diameter	0,9 cm
EAN	3520190942418
Long	2,9
