

Product sheet

**ARCO A-80 angle valve ball 1/2
M-M NOVA handle**

Brand: ARCO

Reference: SCO 10879

The A-80 ARCO sphere angular valve key features 1/2 to 1/2 inch male-macho connections with nominal pressure PN16 bar. It has Nova type control and double thoric joint to guarantee an airtight closure in plumbing and air conditioning facilities.

[View product online](#)**Description**

The ARCO dial valve key, model A-80, is a plumbing device designed for the control and closure of fluid flow in water installations. Its 1/2" male-male (M-M) connection configuration allows a compact and efficient installation in small diameter pipes.

Technical characteristics

- Mark: ARCO
- Model: A-80
- Type: Angular valve/squad dial
- Connections: Male-Macho (M-M)
- Nominal size: 1/2"
- Nominal pressure: PN16 bar
- Command: NOVA with double thoric joint

The design incorporates a NOVA-type control and a double oric joint to ensure a robust watertightness in the connections, adapting to the pressure standards PN16 required in water distribution networks.
