Product sheet

Spherical Electronic Lamp 230V E14-9W

Brand: SCOA

Reference: SCO 11413

The 9 W DLU spherical electronic lamp operates with 230 V rated voltage and uses E14 bushing. This lighting model features a compact and rounded design, suitable for applications where a point light source with efficient consumption and reduced dimensions is required according to the technical specifications provided.

Description

The 9 W DLU spherical electronic lamp, with E14 bushing and 230 V rated voltage, is a lighting element designed to work on standard power grids.

Technical characteristics

- Power: 9 W
- Nominal voltage: 230 V
- Cap: E14

Its spherical design and electronic technology allow efficient operation within the specified parameters.

Specifications

Cap	E14 - rosca estrecha
EAN	3501102064664
Power (W)	9
Nominal voltage (V)	230V
