Description

The 56C ILARGI lock with 60 I HE profile cylinder is a safety device designed to ensure controlled access to protected doors and accesses, integrating a robust locking mechanism with a specific cylinder system.

Technical characteristics

- Model code: 56C
- Type of cylinder: Profile 60 I HE
- Mark: ILARGI

Given its design with profile cylinder 60, this component is designed for applications where a lock solution with a defined cylinder standard is required, allowing its installation in safety systems that match this type of mechanism.
