Description

This 3 male thread set of the Whitworth brand is a set of fixing tools designed for assembly and repair work that require screws with specific thread. It allows to secure parts by means of manual tightening or with the help of keys, ensuring a firm connection in various mechanical components.

Technical characteristics

- Quantity: 3 units
- Type of tool: Threaded male
- Thread system: Whitworth.

Since it is a three-piece set, it offers versatility for different screw sizes within the Whitworth standard, facilitating fixation troubleshooting without the need to purchase individual tools.
