Product sheet

Allen Assembly Screw 7x50 Galvanized

Brand: SCOA

Reference: SCO 80269

Allen 7x50 CINCADO=A497 is a screwing element designed for mechanical assembly processes. It has a total length of 50 millimeters and a nominal diameter of 7 millimeters, with a zinc finish for corrosion protection.

Description

The Ensemble Screw Allen 7x50 Cincado is a mechanical fixation element designed to join parts through its internal hexagonal head, allowing adjustment with Allen key. Its total length of 50 mm and diameter of 7 mm position it as a standard solution in general assembly applications where strength and precision in placement are required.

Technical characteristics

- Type: Screw Assemble Allen
- Diameter: 7 mm
- Length: 50 mm
- Head: Hexagonal (Allen)
- Finished: Zinc
- Reference: A497

Due to its zinc finish, the product offers a basic protective layer against oxidation, suitable for dry or indoor environments where it is not exposed to constant humidity or aggressive corrosive agents.
