### Description

The FLO Model Drilling Liquid Pump (ref. 79989) is an accessory designed to be operated directly by an electrical tool, allowing the pumping of water and other non-aggressive liquids.

#### Technical characteristics

- Action: Electric drill
- Connection: G 3/4" (M)
- Maximum speed: 2800 rpm
- Recommended working range: 1200-2800 rpm
- Assembly: Standard holder
- Design: Compact and lightweight structure

Its operation depends on the rotation speed of the drill, so it must be operated within the recommended range to ensure optimal equipment performance.

### Specifications

|              |               |
|--------------|---------------|
| EAN          | 5906083136955 |
| Manufacturer | FLO           |

may contain errors or omissions and does not replace the manufacturer datasheet.
