Description

The 700ml QUILOSA PROYECTABLE CANULA POLYURETAN SPUMA is a ready-to-use and self-adhesive monocomponent insulation designed to isolate large surfaces by means of its special TY-JET spray nozzle. Its polyurethane-based formulation guarantees a high level of immediate adhesion on expanded wood, metal, brick, concrete and polystyrene.

Technical characteristics

- Volume: 700ml
- Type: Monocomponent insulating foam
- Status: Ready to use
- Accession: Self-adhesive
- Base: Polyurethane
- Nozzle: TY-JET (special sprayer)
- Compatible surfaces: Expanded wood, metal, brick, concrete and polystyrene
- Main advantage: Reduction of thermal bridges

Thanks to its ability to cover large areas continuously, this product contributes effectively to the reduction of thermal bridges on the surfaces where it is applied.
