Rat Bait Station with Security Key 231318 Masso

Brand: MASSÓ

Reference: ALM 2195.0143

The safety holder MASSO model 231318 prevents access to rodents by means of an attached key closure and transparent lid for unopened visual control. Made of materials resistant to rain, sun and wind, its interior labyrinth design facilitates the ingestion of raticide by pests, allowing anchoring on wall or floor.

Description

The RATAS KEY SAFETY holder 231318 MASSO (Roe-Brace holder) prevents the bait from being manipulated or consumed by domestic people and animals, ensuring a safe control of the pest.

Technical characteristics

- Transparent cover for the control of unopened rodents.
- Exclusive security lock with attached key.
- Made of high quality materials with great durability.
- Resistant to weather: rain, sun and wind.
- Interior design in the form of a labyrinth to invite the consumption of the raticide.
- Includes holes for anchoring on wall or floor.

Feeling safe inside the maze, rodents consume large amounts of bait, facilitating rapid pest control. It is advisable to place the device in a horizontal or vertical position next to the walls, maintaining a minimum distance of 10 meters between units.
