Description

The MASSO 231182 Wasps Trap is a device designed to capture wasps, hornets, flies, flies and other annoying insects. Its operation is based on natural attraction without the need for chemical insecticides.

Technical characteristics

- No insecticide
- Ideal for wasps, hornets, flies, flies and other insects
- External use
- Reusable

Since it is a chemical-free mechanical or physical capture system, its use is safe in environments where toxic waste is required to be avoided. Being reusable, it allows multiple cycles of attraction and capture without needing to replace the device after each use, contributing to sustainable pest management in open spaces.
