Description

The Caja 5 TRAPAS ADHESIVA CUCARACHAS 231708 MASSO is a pest control system designed for the effective capture of cockroaches by the principle of bait and attraction.

Technical characteristics

- Quantity: 5 adhesive traps
- Type of bait: Food ingredients
- Mechanism: Exclusive natural Atrayente on the inside
- Design: Structure that simulates a refuge place to attract insects
- Action: Fast catch by adhesion once inside the trap

The product works by attracting cockroaches into the interior thanks to their natural attractant, where they are fast attached to the inner surface.
