

Product sheet

Box 100 Galvanized Angles AMIG 375 Units Square Edge 1-20mm

Brand: AMIG

Reference: ALM 3006.0620

The Box 100 Zinc Angles AMIG contains 375 units of square-edged steel squadrons, available in measures of 1 to 20 millimetres. This zinc-plated structural reinforcement offers corrosion protection and provides reliable mechanical rigidity for various industrial assemblies and construction applications requiring support in metal profiles.

Description

The Box 100 Zinc Angles AMIG is a structural reinforcement set composed of square-edged steel squads, designed for construction and assembly applications.

Technical characteristics

- Material: Steel
- Finished: Zincated
- Form: Square Cant
- Type: Angle / Squad
- Range of thicknesses: 1-20mm
- Quantity: 375 units

Its zinc finish and its square edge geometry provide the necessary strength for general structural reinforcements.

Specifications

EAN	8432703025011
