Description

The flat screwdriver PL6.5x150mm by IRIMO (model 407-6.5-150) is a tool designed for intensive use, ensuring a secure and durable connection.

Technical Specifications

- Flat tip 6.5 mm wide and 150 mm total length.
- Sand-polished tip for better grip and oxidation resistance guarantee.
- Bi-component handle for comfortable grip and excellent torque transfer.
- Ergonomic design that prevents the tool from rolling.
- Includes a hole for hanging.
- Standards: ISO 2380, DIN 5264, and UNE 16516.

Thanks to its bi-component handle and treated tip, it offers precise control in applications requiring strength and stability without slipping.
