Description

This BLISTER 65800 VOREL screw set is designed specifically for fixing on plaster panels (Pladur). It has magnetized tips that facilitate the handling and precise placement.

Technical characteristics

- 2 tips screwing PH2
- Depth limiter
- Imantated tips

Its design with depth limiter allows an accurate control of the insertion length, avoiding the overpass in plaster panels. The combination of magnetized tips and PH2 shape ensures a safe and efficient fixation in partition structures.
