Description

The adjustable VOREL key model 54068 is a manual adjustment tool designed for mechanical work that requires precision in the tightening or fastening of parts. It has a rubberized handle to improve grip and reduce fatigue during use, plus a blackened surface on the main body and a polished head to facilitate identification and handling.

Technical characteristics

- Size: 200 mm
- Opening of the gag: 29 mm
- Material: carbon steel 45
- Body surface: blackened
- Head: polished
- Mango: gummed
- Model: 54068

The construction in carbon steel 45 gives it the robustness necessary to withstand moderate torsion stresses, while the rubberized handle provides comfort and safety to the user when applying force.

Specifications

High	20
