Description

The MULTIPACLE BASE 3 TOMAS INTERRUPTOR CABLE 3mt 72528 VOREL is an electrical accessory designed to extend the power distribution in spaces where the original wiring does not reach. It has a white plastic socket box and three sockets equipped with grounding to ensure the security of the connected equipment.

Technical characteristics

- Number of shots: 3
- Type of intake: With earthing
- Box material: Plastic white color
- Cable length: 3 meters
- Includes general switch to cut power supply to all sockets

The presence of a switch allows the simultaneous disconnection of all connected devices without the need to remove the plugs, facilitating maintenance or cleaning. Its classic and compact design makes it suitable for home use in rooms, small offices or temporary areas where it is necessary to expand connection points safely.
