Simon 360 Pulsating Indicator Switch 10AX 250V

Brand: SIMON

Reference: SIMON 36010204-039

Simon 360 series switch with pulsating indicator and quick clamping system, designed for lighting circuits up to 10AX at 250V~. Its mechanism ensures uniform visual alignment in multiple configurations via claws compatible with the 360 frame.

Description

The Simon 360 series switch with pulsating indicator is an electrical device designed for circuit control and signaling, offering aesthetic integration consistent with frames from this range. Its operation relies on a quick clamping system that facilitates efficient and safe installation, ensuring visual uniformity even in multiple configurations.

Technical Specifications

- Series: Simon 360
- Rating: 10 AX
- Nominal Voltage: 250 V~
- Protection: IP20
- Material: Metal, Plastic
- Format: Push-button
- Dimensions: 74 x 74 x 40 mm
- Cable Section: 1.5 - 2.5 mm²
- Cable Stripping: 15 mm
- Contacts: 3
- Elements: 1 element
- Power Supply: 127/230 V~
- Orientations: Horizontal, Vertical
- Mounting: Universal (surface and recessed)
- Operating Temperature: 5 - 45 °C

- Frequency: 50 - 60 Hz
- Claws: Simon 27
- Warranty: 3 years

This device is designed for standard lighting circuits, providing tactile pleasure and visual balance thanks to its pulsating mechanism that keeps keys aligned. Its compatibility with Simon 360 frames ensures uniform aesthetics in residential or commercial installations.

Specifications

EAN	8421053438442
Material	Metal
Protection	IP20
Nominal voltage (V)	250V
Piece type	Electrical mechanisms
Series	Simon 360
