Description

The Simon 360 Series Matt white 1 element frame with alignment is a thermostable steel piece designed for recessed electrical installations, ensuring a clean and uniform visual integration into walls.

Technical characteristics

- Series: Simon 360
- Material: Heat stable urea steel
- Finished: Anti-reflection matte white
- Protection: IP20
- Dimensions: 81 x 81 x 19.9 mm
- Working temperature: 5 - 40 oC
- Orientation: Horizontal and Vertical
- Guarantee: 3 years
- Regulations: Dir. 2014/35/EU LVD ?? EN 60669-1:2018

Its matt finish reduces footprints and shines, improving premium environmental perception. The integrated aligner ensures flatness on the wall and visual continuity in multiple holes.

Compatible with 360 series covers and S75 platforms, this frame facilitates universal assembly and maintains sophisticated aesthetics without annoying reflections.

Specifications

Colour	Matt white
EAN	8421053434109
Material	Steel
# Elements	1 elemento
Protection	IP20
Piece type	Frames
Series	Simon 360
