Frame for 1 element matte sand finish with Simon 360 aligner

Brand: SIMON

Reference: SIMON 36000610-099

Frame for an element of the Simon 360 series with matt finish in thermostable urea, designed to recess and offer high thermal resistance. Includes S75 platform compatible aligner that ensures visual uniformity and flatness on the wall. Its clean installation ensures the correct operation of the pulsating system, reducing reflexes and footprints in professional environments.

Description

The frame for 1 element of the Simon 360 series features a matte sand color finish, designed to integrate aesthetically in any environment without annoying reflections. Made of urea thermostable material, it offers high thermal resistance and prolonged durability, surpassing conventional plastics.

Technical characteristics

- Series: Simon 360
- Material: Steel, Thermostable (Urea)
- Dimensions: 81 x 81 x 19.9 mm
- Protection: IP20
- Working temperature: 5 - 40 oC
- Finished: Sand mate
- Guarantee: 3 years
- Compatibility: Caps Simon 360 and S75 compatible aligner
- Regulations: Dir. 2014/35/EU LVD, EN 60669-1:2018

The integrated alignment ensures visual continuity, uniformity in the holes and flatness on the wall, ensuring a clean installation and proper operation of the pulsating system.

Its universal assembly allows horizontal or vertical orientation, being suitable for recessing. Dimensional stability reduces maintenance by minimizing stains and footprints, providing a sense of sophistication in all the colors of the range.

Specifications

Colour	Matt sand
EAN	8421053437759
Material	Steel
# Elements	1 elemento
Protection	IP20
Piece type	Frames
Series	Simon 360
