Description

The frame for two elements of the Simon 360 series, in matt white finish, integrates an aligner that guarantees a clean and uniform installation on the wall. Its anti-reflective surface reduces maintenance by minimizing footprints and shines, providing a sophisticated and premium aesthetic to any environment.

Technical characteristics

- Series: Simon 360
- Material: Heat stable urea steel
- Finished: Matt white
- Protection: IP20
- Dimensions: 81 x 152 x 19.9 mm
- Orientation: Horizontal or vertical
- Assembly: Universal for Embedded
- Working temperature: 5 - 40 oC
- Guarantee: 3 years
- Regulations: Dir. 2014/35/EU LVD ?? EN 60669-1:2018
- Compatibility: Caps Simon 360 and platform S75

The urea thermostable material offers high thermal resistance and dimensional stability, ensuring a long service life. The integrated alignment provides visual continuity in multiple installations or with pulsating

systems such as Clean Schuko.

Specifications

Colour	Matt white
EAN	8421053437810
Material	Steel
# Elements	2 elementos
Protection	IP20
Piece type	Frames
Series	Simon 360
