Description

The frame for three elements of the Simon 360 series, in matt white finish, is an essential component for electrical installations that requires aesthetics and functionality. Its integrated design with alignment ensures a uniform and clean appearance.

Technical characteristics

- Series: Simon 360
- Material: Heat stable urea steel
- Finished: Anti-reflection matte white
- Protection: IP20
- Dimensions: 81 x 223 x 19.9 mm
- Installation: Suitable for recessing (horizontal/vertical)
- Guarantee: 3 years
- Compatibility: Caps Simon 360 and platform S75
- Temperature range: 5 - 40 °C

The integrated alignment technology ensures the flatness on the wall and visual continuity in multiple systems, facilitating the correct operation of the pulsating system.

Specifications

Colour	Matt white
EAN	8421053437872
Material	Steel
# Elements	3 elementos
Protection	IP20
Piece type	Frames
Series	Simon 360
