Description

The Low surface case for a white element of the Simon 75 series is a versatile solution suitable for both surface and recessed installation, designed to integrate mechanisms of this range with clean and functional aesthetics.

Technical characteristics

- Series: Simon 75
- Material: Thermoplastic
- Dimensions: 82 x 89 x 27 mm
- Type of installation: Surface and recess
- Orientation: Horizontal and vertical
- Number of modules: 1
- Form: Square
- Finished: White
- Compatibility: Mechanisms Simon 75, 77 and 82
- Mounting systems: Surface mounted housing

The white design adapts perfectly to the style of the Simon 75 series, offering unlimited combinations for any decorative space. Its thermoplastic construction guarantees durability and ease of maintenance.

To clean the product, use a soft cloth slightly moistened with soap and water, avoiding products

containing chlorine so as not to damage the surface.
