Description

The Simon 75 High Surface Box for two white elements is an electrical component designed to accommodate basic control and regulation mechanisms, offering a versatile aesthetic solution through its white finish.

Technical characteristics

- Series: Simon 75
- Material: Thermoplastic
- Dimensions: 82 x 160 x 37 mm
- Type of installation: Suitable for surface and recess
- Orientation: Horizontal and Vertical
- Number of modules: 2
- Form: Rectangular
- Compatibility: Mechanisms Simon 75, 77 and 82

Thanks to its rectangular design and the wide range of combinations available in accessories of the series, it allows to adapt the element to various decorative tastes without the need to invent specific uses.

Its installation is easy due to the compatibility with the mechanisms of the Simon 77 series, allowing a quick assembly by inserting and tightening the pieces directly.

Specifications

Colour	White
EAN	8421053017050
Material	Plástico
Piece type	Boxes for mechanisms
Series	Simon 75
